

CLUNY SCINTILLA

2017-2018

APRIL 2018

SCINTILLA - VIII

“I will give thanks to you Lord, with all my heart, I will tell of all your wonderful deeds.” - Psalm 9: 1

“The Almighty has done great things.” This is the thought rising in my heart at the end of this academic year. Innumerable are the blessings received from the mighty hand of God during this scholastic year. I greatly appreciate you - parents - for all the support you rendered to take this institution to great heights. Thank you dear teachers for all the hard work and energy you put into your job with dedication. I thank you my dear children for making your study a celebration rather than a burden and making your school a loving home.

Dear Parents,

Children are in exuberance and excitement to celebrate their summer vacation. As you spend quality time with them, remember to teach them some good values. Good moral values are like a compass. Any ship, no matter how well built, will not reach its destination without a compass. For parents, there isn't anything more precious than your children. Besides good education and strong health, your children also need moral education to grow into successful and responsible adults. A strong foundation based on moral values will empower your kids to face the world and not to bow to fear, anxiety or greed.

Generation Z (Gen Z) – children born after 2000, is the first generation not to have known life without technologies and services such as smart phones, iPads, face book, instagram and Whats App. Gen Zers tend to attach great importance to personal appearances. Evidence suggest that this is leading even young children to use beauty products and is raising body consciousness among young people. During this summer vacation make your Gen Zers more attractive with the BEST COSMETICS IN LIFE:

TRUTH	for lips
SYMPATHY	for eyes
PRAYER	for voice
CHARITY	for hands
SMILE	for face and
LOVE	for heart

Use them well and make life beautiful. Have great hopes and dare to go all out for them. Have great dreams and dare to live them. Have tremendous expectations and believe in them. -(Norman Vincent Peale)

EDUCATIONAL TRIP

We the students of Std. IV, V and VI went to Queensland at Chennai on 10th February. We began our journey at 5.30 a.m. Our teachers divided us into groups. We enjoyed travelling by dancing, singing and eating snacks. It was a long journey. At Queensland, we went to different sites such as: Video Plaza, Tora Tora, Dark House, Centrox, Fun House, Mirror Home, Pirate Ships, etc. In between, we took a short break by sitting together and sharing our lunch. We took a ride back to the school bus in a joy train. We again enjoyed ourselves in the bus singing and dancing. This trip gave us a chance to mingle with all our friends. We went back at 9.30 p.m. It was a thrilling experience. We take this opportunity to thank God for His protection and the Sisters for giving us this opportunity. We thank the teachers, akkas, drivers and conductors for looking after us and making it a safe and enjoyable journey.

ONCE IN A BLUE MOON

The term once in a Blue Moon means that something is rare. Blue Moons happen once every two or three years. The phrase has nothing to do with the actual color of the moon, although a literal "blue moon" (the moon appearing with a tinge of blue) may occur in certain atmospheric conditions. Once the students understood the meaning of the word, they were delighted to use the phrase in sentences of their own: Here are a few examples:

- ★ I get low marks, once in a blue moon.
- ★ Once in a blue moon, I see movies in a theatre.
- ★ My Dad is working in Scotland, and he visits me once in a blue moon.
- ★ Once in a blue moon, I see a peacock dancing in the rain.
- ★ I don't know why she bought that music system. She uses it once in a blue moon.

Build three factories in your life.

The fourth one comes automatically.

1. Ice factory in Brain - *Be cool*
2. Sugar factory in Tongue - *Be sweet*
3. Love factory in Heart - *Be calm*

Then life will be satis "factory"!
